RESULTS OF OPERATIONS

For the financial year 2012-13, your company has achieved a turnover of Rs.608.27 crores as against last year's revenue of Rs.600.03 crores, resulting in a marginal increase of 1.37%. For boosting the overall sales, the Company has also ventured into exports and the export sales stood at Rs. 34.21 crores. Profit before tax has increased to Rs.28.23 crores from Rs.26.90 crores in the preceding year. Profit after tax also increased to Rs.19.02 crores against Rs.18.14 crores in the year 2011-12.

Owing to imposition of Power-holidays by State Electricity Boards in Andhra Pradesh and Tamilnadu, the capacity utilization has been restricted to 60% for manufacturing sector in both these states. This has resulted in drastic fall in industrial output and the combined production by all manufacturing units of the Company declined to 3,58,213 MT (including conversion 2,82,983 MT) in the year 2012-13 from 3,91,053 MT (including conversion 2,92,816 MT) in the previous year.

The sizeable internal accruals of Rs.37.20 crores to expedite the completion of ongoing 2,00,000 MTPA - TMT manufacturing unit at Parawada (Andhra Pradesh) & Rs.21.55 crores towards 24,000 MTPA Transmission Line Tower manufacturing unit at Pydibhimavaram (Andhra Pradesh) have been deployed.

CREDIT RATING

Deriving strength from your Company's prudent financial management, diversified mix of niche product profile, improved earnings, improved liquidity, sustained leverage in financial debts and proven management capability, the Company's external rating for bank borrowings has been upgraded to 'IND BBB'- for Fund Based Limits (from previous level of BB+) and 'IND A3' for Non Fund Based borrowing limits (from previous level of IND A4) by India Ratings & Research Pvt. Ltd. The improved ratings signify stable outlook and high safety of the borrowings made by the Company.

DIVIDEND

Considering the substantial investments out of internal accruals being made for the TMT manufacturing project at Parwarda (Andhra Pradesh) and Transmission Line Tower (TLT) Manufacturing project at Pydibhimavaram (Andhra Pradesh), your directors do not envisage any dividend payment for the financial year ended on 31st March, 2013.

DIRECTORS

As per the provisions of the Companies Act, 1956 and the Company's Articles of Association, Mr. Srikumar Banerjee, Mr. Krishna Chandra Raut, and Mr. Bhal Chandra Khaitan retire by rotation in the forthcoming Annual General Meeting and being eligible, offer themselves for re-appointment.

AUDITORS

M/s. Rustagi & Associates., The Auditors of the Company, retire at the ensuing Annual General Meeting and being eligible offer themselves for reappointment. In accordance with the provisions of Section 224(1B) of the Companies Act, 1956, the Auditors have furnished certificate of their eligibility for the re-appointment.

DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to the requirement under Section 217 (2AA) of the Companies Act, 1956 with respect to Directors' Responsibility Statement, it is hereby confirmed:

1. That In the preparation of annual accounts for the period ended 31st March, 2013, the applicable accounting standards have been followed along with proper explanation relating to material departures.
2. That the directors have selected such accounting policies and applied them consistently and made judgements and estimates that were reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit or loss of the Company for the year under review.
3. That the directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
4. That the final accounts for the year under review, have been prepared on going concern basis.

CORPORATE GOVERNANCE

The Company has complied with the requirements of Corporate Governance as stipulated under Clause 49 of the Listing Agreement. A separate report on Corporate Governance and the Auditor's Certificate on its compliance together with a certificate from Mr. S. K. Tibrewalla, Practising Company Secretary regarding compliance of requisite conditions of Corporate Governance, certification by CEO & CFO, Declaration by CEO & CFO for Compliance with the Code of Conduct of the Company as per Clause 49(I)(D)(ii) of Listing Agreement and the Management Discussion & Analysis Report are given as Annexures hereto and form part of this Annual Report.

PARTICULARS OF EMPLOYEES

Since the Company has no employee having drawn remuneration as stipulated in Section 217 (2A) of the Companies Act, 1956 or in the rules made pursuant to the same during the Financial Year under review, the relevant particulars of the employees as per the said provisions are not required to be given.

COST AUDITORS

M/s. Musib & Co., Cost Accountants, have been appointed as Cost Auditors of the Company for financial year 2012-13 to conduct the cost audit of all units of the Company. The cost audit Report for the financial year 2011-12 has been filed with the MCA on 10th January, 2013. M/s. Musib & Co., Cost Accountants have been reappointed as Cost Auditors of the Company for the financial year 2013-14, subject to the approval of the Central Government. The Company has filed application with the Central Government for the Financial Year 2013-14 for the said appointment and the approval of the Central Government is awaited.

PARTICULARS REGARDING ENERGY, TECHNOLOGY & FOREIGN EXCHANGE

As a cost-effective substitute for furnace oil (which is costly due to the country's dependence on import of the same) used in heating the re-heating furnace, the Company started using Producer Gas Plant at Jamshedpur unit since 2009-10. During the year under review, Producer Gas Plant has been also put into operation for Chengalpet (Tamilnadu) to economise on operational costs. Requisite capital outlays are also being made to install Producer Gas Plant at Visakhapatnam units (Beekay Special Steels, Beekay Structural Steels and Radice Ispat India, Vizag) from 2013-14 onwards.

The particulars of energy, technology and Foreign Exchange earnings/ outgo in pursuance of Section 217(1) (e) of the Companies Act, 1956 read with the Companies (Disclosure of particulars in the Report of Board of Directors) Rules 1988, are being disclosed separately forming the part of this Report.

APPRECIATION

Your Directors would like to appreciate the co-operation and assistance received from the banks, government, statutory authorities, vendors, customers and shareholders during the year. The Directors also place on record their deep sense of appreciation for the committed services rendered by all employees of the Company.

ANNEXURE TO THE DIRECTORS' REPORT

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Cautionary Statement

Statements in the Management Discussions and Analysis cover the Company's projections, predictions and estimates are forward looking statements within the meaning of applicable laws and other regulations. The actual results could differ materially from those herein expressed or implied.

Operations of the Company

The company is engaged in manufacturing Hot Rolled Steel Sections, Bright Bars and Structurals, which have a growing demand from Automotive Component Manufacturers, Forging Industries, Infrastructure Companies, Machinery Manufacturers, Agricultural Implement Manufacturers and various other Engineering Industries. The products have diverse direct industrial and manufacturing applications, including construction of tanks, railway cars, engineering equipment, automobile and truck parts. The customized rolled steel products of different sizes, shapes and grades are intended to meet the requisite requirements of customers. The long established relationships with esteemed buyers from these sectors and the continued emphasis of the Company on meeting the growing market demands has increased and enriched the Company's product mix. The vast experience of the management in dealing with different steel scenarios has kept the Company firm and steady in its industrial journey.

Despite lower production (due to power restrictions in Andhra Pradesh & Tamilnadu) and subdued demand the Company's turnover has marginally grown in terms of value and total gross turnover touched Rs.608.26 crores against Rs.600.03 crores in the previous year. As a result of lower production, the consolidated deliveries from all units of the Company in the financial year 2012-13 stood at 3,54,338 MT (including conversion deliveries 2,82,482 MT) against 3,85,689 MT (including conversion deliveries 2,92,816 MT) in the preceding year. In spite of falling steel prices, the Company has been able to maintain the growth momentum in bottom-line as the Profit Before Tax rose to Rs.28.23 crores for the year 2012-13 from Rs.26.90 crores in the previous year. During the year under review, new vendor registrations have been obtained for supply of Structurals and other rolled sections to HPCL (Mumbai), Tata Steel Growth Shop (Jamshedpur), American Axle Manufacturing Services Pvt. Ltd. (Pune), BHEL (Ranipet), Gatiman Auto Pvt. Ltd. (M.P.) and RSB Transmissions India Ltd. (Chennai).

Ongoing Projects

a. *TMT Rolling Mill Project at Parawada (Andhra Pradesh)*

2,00,000 MTPA TMT manufacturing unit is being set up at Parawada to enhance the existing rolled -product range. TMT will be produced from the Billets, to be sourced from RINL, Visakhapatnam and other suppliers.

The total project cost envisaged at Rs.56.30 crores, was originally planned to be funded by composition of Debt (Term Loan of Rs.34.00 crores, already sanctioned from Punjab National Bank) and Promoters Contribution (Internal accruals Rs.22.30 crores). However, the delayed issue of NOC by APIIC for mortgage of project land led to late disbursement of Term Loan by Punjab National Bank. Despite the delay in disbursement of Term Loan, the Company has gone ahead with the project investments by deploying additional internal accruals and the total project investment till 31-03-2013 amounted to Rs.47.48 crores (Rs.37.20 crores from Internal accruals and Rs.

10.28 crores in the form of Term Loan). The constructions of factory sheds and other civil structures like boundary wall, office building, canteen, staff room, security room, store room, internal and external drainage systems, other utilities, foundations for plant & machineries etc. have been already completed Installation of majority items of plant & machinery, equipment, electrical equipments other miscellaneous fixed assets has been substantially completed at the project site and requisite approvals for power and environmental clearance have already been obtained. The trial production under the proposed project is expected to be commenced from the end of 2nd Quarter, 2013.

b. TLT (Transmission Line Tower) Manufacturing at Pydibhimavaram, (Andhra Pradesh)

As a major step towards forward integration, 24,000 MTPA Transmission Line Tower unit at Pydibhimavaram is being set up for manufacturing and supply of Transmission Line Towers (TLT) to Power & Telecom sectors. Against the estimated project cost of Rs.26.00 crores (being funded solely from internal accruals), the Company has already made project investment of Rs.21.55 crores till 31st March,2013. All civil constructions and machinery installations have been completed and the unit is almost ready. The raw material-Structurals for this proposed unit is planned to be fed from the Company's existing Structural unit (at Visakhapatnam) to economise on material cost. However, since the production of Structurals by the Company's existing Structural unit is subdued due to restrictive policy of only 60% operational days (prescribed by APTRANSCO owing to Power Crisis in Andhra Pradesh), it is presently not in position to supply Structurals for TLT-manufacturing unit. TLT manufacturing unit will commence production once the Power situation in Andhra Pradesh improves.

Economy, Steel & Auto Sectors

The economy has improved globally diffusing threat of euro financial crisis and steep fiscal contraction in the United States. This has led to relatively stronger financial stability. The financial stability has accelerated economic recovery by way of improvement in investment zones and inculcating confidence. In the U.S., the consumer demand has strengthened as credit and housing segments are healing and better fiscal adjustments projected real GDP rise of around 2% in 2013. However, bankers in Euro country are still struggling to overcome the challenges of low capital and declining profitability which have substantially squeezed the credit supply. Under this scenario, the global growth of advanced economies is expected to be modest 1% in 2014.

The economy of India is the ninth-largest in the world by nominal GDP and the third-largest by purchasing power parity (PPP). The country is one of the G-20 major economies and a member of BRICS. On a per-capita-income basis, India ranked 141st by nominal GDP and 130th by GDP (PPP) in 2012, according to the IMF. India is the 19th-largest exporter and the 10th-largest importer in the world. However, Indian economy faced major hurdles to economic development in 2013 owing to sluggish global trade, lesser FDIs and declining global growth. This forced RBI to adopt tighter monetary measures to control inflation, poor domestic savings, declining corporate infrastructure investments and suppressed exports. Pulled down by poor performance of farm, manufacturing and mining sectors grew at a slow pace of only 5% as compared with 6.2% in the previous fiscal, resulting in the second-lowest growth rate in a decade since the Indian economy recorded a grown rate of 4 per cent in the 2002-03 fiscal. The manufacturing sector grew at mere 1% in 2012-13. WPI has improved to 7.60% in 2012-13 from 8.90% in 2011-12 with the increased agricultural produce, demand rise and fiscal consolidations. This favors reduction in policy rates by RBI and gearing up of investment in industry and services, which in turn is expected to bring overall growth of economy.

The global consumption of Steel grew by only 1.20% in 2012. However, in ASEAN countries usage of Steel usage witnessed a rise to 56.40 million tons in 2012-13 registering a growth of 7.60 %. Modest growth in Steel usage is also

expected grow by 2.90% to 1.45 billion tons in 2013-14. With better demand for Steel pouring in from developing countries, the consumption of Steel expected to rise substantially in China (the largest Steel producer in the world) by 3.50% in 2013 to touch a level of 668.80 million tons.

Majority of your company's own produced finished steels are supplied to automobile-ancillary manufacturers and prospects of demand for vehicles has a direct bearing on the supply of finished Steel by the Company and its top-line performance. The Indian automotive industry has emerged as a 'sunrise sector' in the Indian economy. India is emerging as one of the world's fastest growing passenger car markets and second largest two wheeler manufacturer. It is also home for the largest motor cycle manufacturer and fifth largest commercial vehicle manufacturer. India is emerging as an export hub for sports utility vehicles (SUVs). The global automobile majors are looking to leverage India's cost-competitive manufacturing practices and are assessing opportunities to export SUVs to Europe, South Africa and Southeast Asia. India can emerge as a supply hub to feed the world demand for SUVs. Top auto multinational companies (MNCs) like Hyundai, Toyota and Suzuki rank their Indian production facilities right on top of their global pecking. The Indian small and light commercial vehicle segment is expected to more than double by 2015-16 and grow at 18.5 per cent compound annual growth rate (CAGR) for the next five years. India is the world's second-largest heavy commercial vehicle market. The RNCOS report, "India MCV and HCV Market Outlook", observed that infrastructure boom and emergence of hub and spoke model, among other factors have given a new dimension to the medium and heavy goods carrier commercial vehicles' sector in India. It is anticipated that the sales of medium and heavy commercial (M&HC) goods carriers will increase at a CAGR of more than 10.5 per cent during 2011-12 to 2014-15.

The Government plans to push the supply of vehicles powered by electricity over the next eight years. Currently 100% FDI is allowed in the automotive industry through automatic route. It is expected that there will be a demand of 5-7 million electricity-operated vehicles by 2020. The Government also plans to introduce fuel-efficiency ratings for automobiles to encourage sale of cars that consume less petrol or diesel. With these favorable measures, India is expected to become the 11th largest market for Renault by the end of 2013 and also a critical global hub for the firm along with Brazil and Russia.

Opportunities & Threats

Your Company follows the path of optimizing productivity, product enrichment and effective cost controls measures to ensure the growth momentum. As a substitute for the rising cost of Furnace Oil, the Company is taking cost control measures and installing Producer Gas Plants at the existing units. The grim power situation in Tamilnadu and Andhra Pradesh also prevents the offsetting of higher production costs by increasing production volumes. Tailor made HR and Cold Drawn sections of the Company have a niche customer base in auto ancillary manufacturing, infrastructure industry and project works. The Company, deriving the benefits of presence of ports with requisite infrastructure in Andhra Pradesh and Tamilnadu, has also commenced exports for overseas project based requirements and to manufacturers in GCC Countries (Bahrain, UAE, Kuwait, Oman, Qatar and Saudi Arabia), Philippines, Mexico, Canada, Myanmar and Bangladesh. However, with the Indian Rupee constantly under pressure from USD and Euro, competition in exports is stiff from China, Turkey and other countries whose economies are relatively less affected by rising demand for USD and EURO. The Company's upcoming TMT unit at Parawada will boost the top-line performance by supply of own manufactured TMT under Beekay brand to coastal and southern parts of the state of Andhra Pradesh and adjoining areas of Tamilnadu.

Segment-wise Or Product-wise Performance

Your Company is in the secondary steel manufacturing segment and produces HR sections (rounds, squares, flats, hexagons and special profiles) and Bright Bars of different sizes and shapes with different compositions and is also doing conversion jobs. The total production of all manufacturing units of the Company was 3,58,213 MT (including conversion 2,82,983 MT) in the financial year 2012-13, as compared to 3,91,053 MT (including conversion 2,92,816 MT) in the previous year.

Outlook

The demand for Steel in India is expected to rise due to infrastructure & construction developments, sustained by capital goods manufacturing and automobile and consumer durables. In the 12th Five Year Plan, an investment of 1 trillion USD has been earmarked for infrastructure and construction segments to drive demand. Per capita Steel consumption in India is estimated to reach 88 Kg in 2016-17 from 66 Kg in 2012-13. Indian Steel industry is expected to achieve a growth of 5.90 % during 2013-14 as per the projections provided by World Steel Association.

The Company continues to successfully meet conversions orders from TATA Steel Ltd. at Jamshedpur. Emphasis is being laid on maximizing existing output of the Visakhapatnam and Chengalpet Units. Once the Power situation in Andhra Pradesh and Tamilnadu improves, there would be accelerated capacity utilization at those units. With TMT unit at Parawada also coming into operation from September, 2013, a healthy rise of at least 10% in the existing top-line is projected with requisite improved profit margins.

Internal Control Systems And Their Adequacy

Your company operates in multiple locations (Jamshedpur, Visakhapatnam and Chengalpet). The business continues to evolve in the dynamic economic conditions leading to necessity of adequate safeguards and consistent systems and processes on an ongoing basis for managing business operations. Internal Control System of the Company is geared to accommodate changing business scenario and multi-location operations. Jamshedpur unit and all four operational units at Visakhapatnam have been integrated under robust ERP system to ensure transparency in all business operations and transactions. Internal controls are periodically reviewed by Internal Audit and material observations are reported to the Audit Committee of the Board for remedial actions. All tangible assets of the Company are adequately insured against anticipated loss under Industrial All Risks and Fire & allied risks.

Financial Performance

During the year under review, you Company has attained a turnover of Rs. 608.27 crores and profit of Rs.28.23 crores before taxation. The higher fuel costs (furnace oil and coal), administrative expenses as well as accelerated borrowing costs have resulted in marginal decline in profits. The Company is confident to maintain the current level of supplies to automobile sector, infrastructure and Railways, thus paving the way for consistency in profitability of the Company.

Human Resource Management & Industrial Relations

The employees are considered by your Company as its greatest asset and the Company has created a work environment that ensures their well-being. The Company encourages an environment of individual goal setting, continuous improvement, health and safety awareness and corporate sustainability. The work-force of your Company is an assortment of varied qualifications and experiences in the domains of engineering, management and finance. The Company's Human Resource policies are formulated considering overall organizational goals and due weightage is also assigned to bottom-up approach, These policies are designed to cater to the changing needs of people in a dynamic business environment. The emphasis is always on retention best talent, while nurturing and developing

the skill set of each employee. Educational assistance and Medical benefits are inherent part of the Company's HR policies. Owing to fast changes in industry environment, the Company believes in working towards creating an enviable and talented workforce. Industrial relations have remained cordial and the end of the year under review, the Company's own manpower strength was 366.

Corporate Social Responsibility

The Company's social responsibility policy is aimed at serving different social causes with enhanced stress on education, health-care, safety and environment, which are fundamental requirements to attain and lead a quality life.

Education & Health-care

Your Company fully recognizes the importance of proper health and good education for the society at large which are pre-requisite for overall development and prosperity of the underprivileged class of citizens.

Contributions are being made for augmenting the operations of social welfare schemes. Your Company is associated with Educational and medical Institutions like Kalyan Bharati Trust The Heritage School & The Heritage Institute of Technology) Kolkata, Maharaj Agrasen Medical Education & Scientific Research Society, Delhi, Sri Sri Ravi Shankar Vidyamandir Trust (Sri Sri Academy, Kolkata). Free medical benefits like hospital beds, medicines and other treatment expenses are being extended to the poor and needy people through the Company's Group Trust. Under mid-day meal scheme, the Company has adopted 5 schools through Akshaya Patra Foundation, Kolkata. Around 50 villages have been identified through Friends of Tribal Society to provide literacy to tribal families on continued basis. In Visakhapatnam, requisite contributions have been made for providing Artificial Limbs to physically handicapped people by Marwari Yuva Manch, Visakhapatnam. The Company is associated with 'Vidya Shree' scheme, propagated by Gajuvaka Municipal Corporation, Visakhapatnam, for sponsoring higher educational expenses of underprivileged but talented students. Vidya Shree scheme is dedicated to bring the socio economic change in the underprivileged families through the means of education of their children. During the year the Company has also made financial contribution for construction of drinking well in Kumaravadi Village (Tamilnadu), benefiting about 110 families.

Environment & Safety

Necessary arrangements have been made at all units of the Company to ensure due compliance with norms for environmental, manpower and assets safety. All plants, properties and stocks are comprehensively covered under IAR and fire loss policies. Workers are continuously trained and are kept equipped to follow safety norms for stock handling. Preparations are underway to obtain ISO 14001:2004 (Environment Management System) to ensure greater control over pollution emissions by the manufacturing units of the Company.

All the manufacturing units of the Company are fully compliant with requisite industrial safety regulations to minimize the risks to life, materials and assets during regular course of operations. The emission of effluents at only permitted levels is ensured in line with the applicable statutory pollution control norms. The handling of materials and manpower movement is properly safeguarded against any possible risks of damage. Necessary green belts in and around the operating units are maintained to minimize the impact of even permissible pollution and to keep the working environment healthy. The safety training is imparted to workers to identify the risk areas and they are properly educated and equipped to adhere to the essential safety standards. Besides, for ensuring properly trained and energetic task-force and inculcating the importance of complying with safety and environmental statutory norms among the workers, the Company is also going for quality health management recognition called OHSAS: 18001:2007 (*Occupational Health and Safety Management Standards*).

Management is responsible for the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance and the cash Flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the companies Act, 1956. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud and error.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by The Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An Audit involves performing procedure to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Financial Statements give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

a) In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2013; and

- b) In the case of the Profit and Loss Account, of the Profit for the year ended on that date.
- c) In case of Cash Flow Statement, of the Cash Flows for the year ended on that date.
